

AC/DC Voltage Meter

General information about ADMH-3003A Automatic AC/DC Voltage Meter

ADMH-3003A Series Automatic AC/DC Voltage Meter is the upgraded version of GDFR series AC/DC voltage divider. It is automatic measuring system, reading data is more accurate.

Features:

- ✓ Balance type equal potential shield structure.
- ✓ Fully-sealed insulation cylinder with high-quality components, accurate and good linearity.
- ✓ High accuracy and linearity, good stability and anti-interference ability.
- ✓ Digital LCD screen, AC RMS and peak value can be displayed.
- ✓ Inner shielded anti-interference ability, single section or separate section structure.

Technical Specification of the device:

Model no	ADMH-3003A50	ADMH-3003A100	ADMH-3003A150	ADMH-3003A200	ADMH-3003A300	ADMH-3003A400
Voltage	50	100	150	200	300	400
impedance	650	1200	1700	2200	3500	4300
Capacitance	100-320	100-180	100-150	120	120-500	100-800
dimension	200.200	200.200	200.200	200.200	200.200	200.200
Weight	2.5	3.5	4.5	7.5	13.5	17.5
